

About the Company

On the Mark provides professional cleaning for a range of domestic and business clients across Yorkshire from its base in Bradford.

Set up in 2003, On the Mark specialises in office, home and leisure venue cleaning, end-of-tenancy work for landlords, restaurant cleaning and kitchen degreasing. It can also offer expert consultation and performance management of cleaning services.

The company has grown from 12 members of staff at start-up to more than 30, all working to uphold the firm's aim to provide reliable and professional cleaning.

How has Invest in Bradford helped?

On the Mark won a contract to clean a Yorkshire prison, requiring additional staff who met strict criteria regarding CSCS cards and enhanced CRB checks.

Invest in Bradford's Local Impact team worked with On the Mark to discuss the skills and experience the company was looking for in applicants. Thanks to adverts placed by Local Impact within local community organisations and searches through its customer database, On the Mark were provided with six possible candidates.

One was Muhammad Rizwan, left, who had been unemployed for a year after arriving from Pakistan. He was looking for a job urgently to support him and his pregnant wife so turned to Local Impact for help. Advisers eased his concerns by finding out about his job experience, helping him prepare a proper CV and discussing interview techniques. On the Mark were impressed with his attitude and skills and, having had his security clearance approved, Muhammad began working at the prison.

Results

Today Muhammad is a proud father of a baby girl to join his son and is working full-time for On the Mark at a community centre in Bradford. He is delighted with how Local Impact were able to help him. "It was a fantastic service," he said.

"From being very depressed and isolated I was supported by Local Impact and On the Mark and my life has improved dramatically. I can now enjoy time with my family knowing I am supporting them with a good job."

On the Mark Service Manager Nicci Zinyuku, below, added: "The Local Impact team helped us a huge amount and we continue to take support from them to find new staff.

"The fact that the adviser was able to sift through the applications and pick out the strongest candidates – and that the service was free - was a real benefit to us."
